

MESSAGE FROM THE CEO

2022 has been a very successful year for ICPF, and we're proud to tell you all about it in our newsletter's very first edition. As we leave January behind with a series of new initiatives, we are quite excited about what 2023 has in store for us.

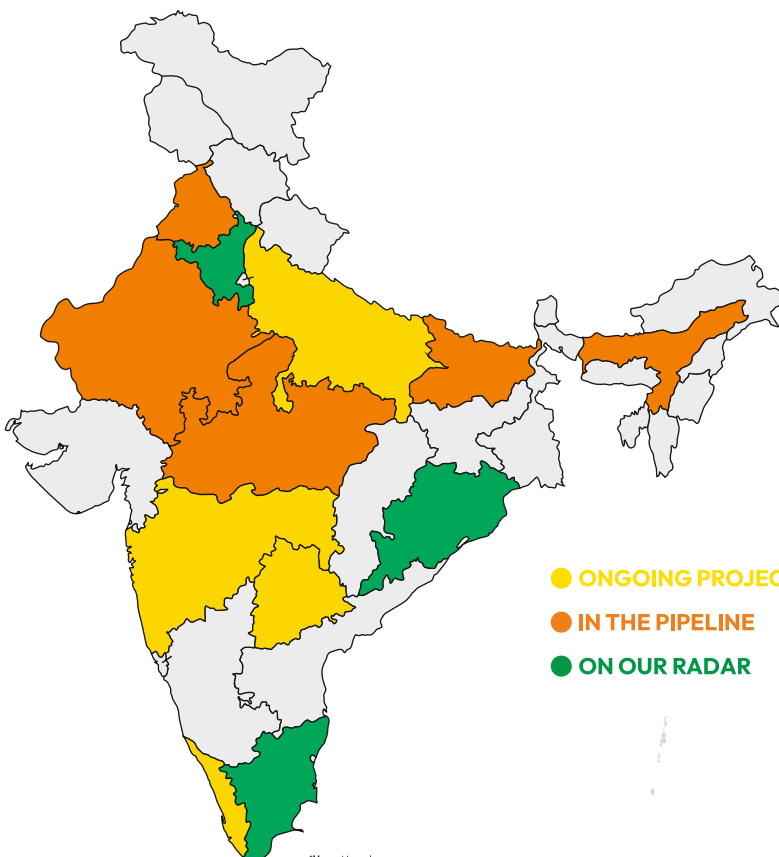

Recognizing the importance of the project goals taken up by our organization, we try our best to ensure that we take special care to meet and execute them well. In order to achieve this we are always investing in our existing people, alongside improving our work environment and culture through activities and skills development.

We hope you enjoy reading our newly launched newsletter and we look forward to your feedback and interaction.

ABOUT ICPF

COMBATTING ONLINE CHILD SEXUAL EXPLOITATION AND ABUSE

KERALA

An MoU was signed with a 3-pronged approach:

- Setting up of infrastructure and building capabilities of Kerala Cyberdome.
- Development of GRAPNEL (Darkweb Crawler Tool) and its associated training.
- Hold awareness sessions at schools on cyber safety.

MAHARASHTRA

We are engaged in the training of Maharashtra Cyber police officials which entails Legal, Investigation, and Forensic aspects with the goal to equip **300 police officers** for swift and effective response to **Child Sexual Abuse Material (CSAM)**.

UTTAR PRADESH (U.P)

A partnership between UP Social Welfare Department and ICPF was established with the purpose of training the master trainers from **105 schools** across the state on cyber safety awareness.

TELANGANA

Following MoU initiation with the Women Safety Wing, Telangana Police, the officials were provided with training on **GRAPNEL** tool and investigation of crimes committed through cyber channels such as Facebook.

ICPF also partnered with Telangana's Society of Cyberabad Security Council and so far almost 500 IP addresses have been shared for the purpose of tracking CSAM offenders.

COCON 2022

COCON conference platform was utilised to unleash the laser focused approach of ICPF in its new avatar and sharing some of the best cyber safety practices.

NATIONAL HUMAN RIGHTS COMMISSION (NHRC)

ICPF was invited for a consultative discussion with National Human Rights Commission during November on CSAM and ways to tackle it.

Our inputs were published on the NHRC website.
